About Us

Pauman Resources Limited is a premier agricultural enterprise registered and incorporated under the laws of the Federal Republic of Nigeria. Since our establishment in 2001, we have been at the forefront of mechanized farming, agricultural project management, and agro-allied services across Nigeria.

With over two decades of operational excellence, we manage 42+ hectares of productive farmland in Akwa Ibom State, specializing in the cultivation of maize, cassava, cowpea, sesame seeds, cocoa, and palm plantations. Our sister company, Eti Farms, complements our operations with specialized agricultural contract services.

Our competitive advantage lies in our modern mechanized equipment fleet, experienced management team, and strong community partnerships. We provide comprehensive agricultural services from land preparation through harvesting, supported by a dedicated workforce of 130 employees.

✓ Vision

To revolutionize Nigerian agriculture through mechanized farming, sustainable practices, and innovative solutions that enhance food security and empower farming communities.

✓ Mission

To become Nigeria's leading agro-allied enterprise, recognized for excellence in mechanized farming, agricultural innovation, and commitment to sustainable development.

Our Services

Pauman Resources Limited delivers full-scale agro-allied solutions: mechanised land preparation, planting, spraying and harvesting with a fleet of tractors, sprayers, planters and combined harvesters; cultivating over 37 ha of maize, cassava, cowpea, sesame, vegetables and palm at Ndon Ebom; advising smallholders on best practices; and partnering cooperatives and processors to supply quality produce for local and export markets.

Crop Production

- Cassava
- Maize
- Beans
- Vegetables etc.

Agro-Processing

- Cassava flour
- Palm oil
- Packaged vegetables

Training & Extension

- Farmer workshops
- Youth empowerment programs
- Technical support for cooperatives

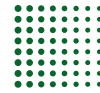

Harvesting Services

- Manual Harvesting
- Mechanized Harvesting
- Post-Harvest Handling
- Custom Harvesting Contracts

Sustainable Practices

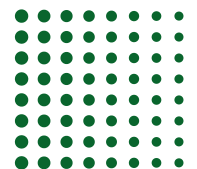

Building on our current sustainable practices, Pauman Resources Limited is committed to strengthening environmental stewardship, expanding community impact, and enhancing operational efficiency. This roadmap outlines strategic initiatives for the next five years.

Between 2025 and 2030, Pauman Resources Limited plans to transform its 42+ hectare agro-allied farm through a three-phase strategy.

The first phase focuses on foundational improvements in soil health, water efficiency, biodiversity, and documentation for certifications.

Phase two transitions 25% of the farm to organic production, introduces value-added processing, upgrades infrastructure with solar and composting systems, and expands community training. By phase three, the company aims for full organic and environmental certifications, premium market positioning, renewable energy integration, and large-scale community impact through education and employment.
